Bee Reservation and Order Form

Product	Price	Quantity	Total
Mated Queen	\$40		
5 Frame Nuc DEEP	\$175		
Additional Frames	\$3 (per frame)		

All of the nucs from The Birds And Bees Farm are bred and raised at our local apiary. The process usually begins in April with the first nuc becoming available in May, based upon the weather. Orders are taken and filled on a first come first served basis with the last round being completed in June. Please understand that we will do our best to provide you with your nuc as early in the year as possible but this process can be delayed by weather. You will be notified at the time your order is received what month your nuc should be available.

When picking up your nuc please bring your hive box with all 10 frames or a 5 frame nuc box. Your empty frames will be exchanged for full frames at that time. If you would rather not exchange frames please add "Additional Frames" to your order above.

No cancellations after March 1st. Cancellations prior to March 1st will incur a \$15 fee per nuc ordered. You have the right to inspect all nucs at the time of pick up. The Birds And Bees Farm is not responsible for the transportation or installation of your nuc and is not responsible for the health of your nuc once it leaves the property.
